COL. GEO. HUMPHREY.

Tributes to His Memory From the Press.

The Warsaw Times says: "Colonel Humphrey was a brave soldier, an honorable citizen and business man, and his death will be mourned by a large circle of friends."

The Warsaw Times adds: "The probabilities are that there will be a large delegation attend the funeral of Colonel George Humphrey, at Fort Wayne, on Saturday next. Henry Chipman post will take action on the matter at its meeting to-morrow night. As the deceased was lieutenant-colonel of the original Twelfth Indiana infantry, in which regiment the first company raised in this county was assigned, every surviving member ought to make it a point to attend the funeral. Col. Humphrey was a very popular officer, and as he afterwards became colonel of the Eighty-eighth Indiana, he was well known to the soldiers of northern Indiana, among whom he was exceedingly popular. Arrangements will no doubt be made for a reduction of railroad fare so that all can go to the funeral who desire to do so."

"Col. George Humphrey, a distinguished Mexican war veteran and commander of the Eighty-eighth and afterwards of the 139th Indiana regiments in the civil war, died Wednesday at Fort Wayne, aged sixty-one years," says the Indianapolis Sentinel.

STRUCK A BEEF.

A Grand Rapids Passenger Train Ditched.

The incoming Grand Rapids and Indiana passenger train from the south, due here at midnight, ran into a big steer at Bryant station and a made a short stop. The huge beef rolled under the locomotive and turned the engine cross-wise on the track. The front trucks of the baggage car were also ditched and the flesh of the dead beast presented a sickening sight. The wreck car was summoned, but in the meantime the passengers went quietly to sleep and arrived in the city at 8 o'clock this morning, not the least disturbed by the encounter. The damage was slight to the railroad company.

We Vote for Lieutenant Governor.

Attorney General Hord Decides the Vacancy Must be Filled by the People This Fall.

Congressional Politics and Other News From Around the State.

HORD DECIDES.

A Lieutenant Governor Must be Elected This Fall.

INDIANAPOLIS, Aug. 6.—The question as to filling the vacancy which will be caused by the resignation of the office of lieutenant governor by Gen. M. D. Manson has been settled—so far as it can be settled now—by an opinion given by Attorney General Hord, who holds that a successor to Gen. Manson should be chosen at the November election, to serve for a period of two years. The opinion was rendered in response to queries propounded by Gov. Gray. In accordance with this ruling, and knowing that the republicans had decided to place a candidate in the field, the democratic state central committee last night made an amendment to the official call for a convention next Wednesday, adding lieutenant governor to the list of offices for which nominations are to be made. Many democratic politicians, especially the anti-Gray faction, take the ground that the vacancy should be filled by the state senate, but under the circumstances, they can hardly object to an election. There may be a further investigation of the matter, however, and there is talk of bringing it before the supreme court in some manner early in September.

The decision was anticipated by shrewd democrats, who at once inaugurated a boom for Hon. G. V. Menzies, of Posey county, for lieutenant governor. The main strength of the Menzies boom just now is due to the fact that this nomination would settle the congressional trouble in the First district. There will doubtless be other candidates, but the Posey county statesman has been given the best start.

Hon. J. G. Smith, of Jennings county, president pro tem. of the senate, was at the Scottsburg convention yesterday and stated in conversation that he was perfectly satisfied with the validity of his claim upon the lieutenant governorship; that there was no question but that he was the legal successor of General Manson and would be the successor of Governor Gray provided the latter should vacate his office.

A LOT OF THEM.

The Hoosier Congressional Nomination.

INDIANAPOLIS, Aug. 6.—The third district democrats are divided. At New Albany, yesterday, one wing nominated Hon. S. M. Stockalger and at Scottsburg the other wing nominated Hon. Jonas G. Howard. Howard's convention had 49 votes and Stockalger's convention had 43.

John E. Lamb stock has gone up fully 50 per cent. yesterday. Jim Johnston, of Parke county, will be his opponent in the congressional race, having been nominated by the Eighth district republican convention yesterday morning.

The republicans of the fourth congressional district met in convention yesterday and nominated Captain A. D. Vanosdel for congress. The nomination was made by acclamation.

OTHER NOTES.

The Indiana greenback party made the following nominations yesterday with an appropriate platform:

Lieutenant Governor—E. S. Pope, Marion.

Auditor of State—Presley Gregg, Ohio.
Treasurer of State—Benjamin Perkins, Vigo.

Attorney General—J. S. Bender, Marshall.
Clerk Supreme Court—S. L. Douglass, Marion.

Judge Supreme Court—J. O. Green, Floyd.

Superintendent Public Instruction—George Bass, Marion.

The *Sentinel* asks: "How would it do for Messrs. Bailey and Bynum to refer the difficulty to the following arbiters, empowered by them to settle the whole congressional matter to Lieutenant Governor M. D. Manson, Senator Daniel W. Voorhees, Ex-Senator Joseph E. McDonald, Governor Isaac P. Gray and Supreme Court Justice W. E. Niblack." LOUISVILLE, Aug. 7.—Hon. Jas. B. McCreary was renominated for congress by the democratic convention of the Eighth Kentucky district.

FIRE RECORD.

St. Louis, Aug. 6.—The ice house of the Beef Canning company in East St. Louis was damaged by fire to the extent of \$18,000 this morning. Fully insured.

New York, Aug. 6.—The July fire record in the United States and Canada, as estimated by the New York *Commercial Bulletin*, involved the loss of ten million dollars worth of property, 50 per cent. greater than the average fire loss in July for nearly twenty years. The average loss by fire in July for the past ten or twelve years has been about \$7,000,000. The *Bulletin* gives a list of 175 July fires, compiled from its own files, where the loss was \$10,000 and upwards. There were sixteen fires during the month whose destructiveness aggregated more than \$3,000,000.

MARQUETTE, Mich., Aug. 6.—A fire has just swept over the entire town destroying the business portion. Twenty-five buildings were burned, including the postoffice, bank and the two newspapers. Loss heavy.

DOUBLE TRAGEDY.

A Worthless Citizen of Laporte Kills His Wife and Commits Suicide.

LAPORTE, Ind., Aug. 6.—Higday Fodiek, a worthless character of Laporte, last night murdered his wife and then committed suicide by shooting himself in the head. The shooting occurred about 10 o'clock, in front of William Blakeman's residence, on Washington street, and the bodies were not discovered until this morning, by Mr. Blakeman, while out on his early morning walk. Both bodies lay on the walk.

SOCIALISTS.

A Beer Cellar Full of Them.

HAMBURG, Aug. 6.—The police last night raided a beer cellar much frequented by socialists while a socialistic meeting was held there. The search revealed the fact that the place was the rendezvous of socialists of the most extreme class—the members of the secret society which has ramifications through Germany, Holland and England. Eight of the socialists who were in the cellar were arrested.

IN BURMAH.

The State of Affairs is one of Political Discord.

LONDON, Aug. 6.—The state of affairs in Burmah is as it has been ever since the British occupation, one of political discord and social confusion. In consequence of this the British government in India has decided to entrust the supreme command in Burmah to Major General Sir Herbert Macpherson, commander-in-chief in Madras. Five thousand troops will be sent into the country as soon as the cold season commences to scour it and drive out or subdue the insurgents, and 1,000 additional police will be sent from India to maintain order. There are still seven rebel posts.

TERRIBLE CASUALTY.

Little Willie Scheuman Mangled by a Street Car.

Willie Scheuman, son of Mr. Christ Scheuman, of No. 313 East Washington street, has of late been carrying water for street car employees and the drivers of the east end line permitted the lad, who was but 12 years old, to ride free with them. He climbed on a street car at noon and rode towards the city. Just in front of Dr. J. W. Young's office, on East Jefferson street, young Scheuman attempted to leap from the front platform of the morning car, but in some way he stumbled and fell under the front wheels and his right lower limb was horribly mangled before the driver could stop the car. The wheels caught the limb above the knee and mangled it down to the ankle, forcing the flesh from the fractured bone, exposing the severed blood vessels from which the life fluid spuried in response to the heart action. The lad was carried into Dr. Young's office where bandages were applied and when Drs. C. B. Stemen and A. J. Lambach arrived the leg was amputated. The injured boy's father is a cabinet maker in the Pittsburgh railway shops and his uncle is the well known undertaker. This should be a warning to children, but it will not and parents will not heed the warning.

Ralf Feyer, the driver of the car, says he was just about to round the curve, near St. Mary's Catholic church, and had pulled the horse to look around the corner of the car for an approaching passenger. He suddenly heard the boy scream and was horrified to see him beneath the wheels. The lad's grandfather had just before warned him not to go near the street car.

A DEAD LEADER.

A Tribute to Hon. S. J. Tilden From Fort Wayne Democrats.

Judge Allan Zollars, Mayor Charles F. Muhler and Henry Colerick have reported these resolutions expressive of the sorrow of the Jeffersonian and Miami clubs, at the death of Samuel J. Tilden:

Resolved, That the members of the Jeffersonian and Miami clubs and other democrats of the city and county, in common with the democracy of the country, profoundly regret the death of the Hon. Samuel J. Tilden.

Resolved, That by his death the country has lost an upright and honorable citizen, a lawyer who stood in the front rank with the greatest lawyers of his generation, and a sagacious, patriotic honest statesman. He was the most prominent in the promulgation of the doctrine, that honesty and fidelity in public office and in places of public trust, are at all times of supreme importance to the people. As a private citizen and as governor of the great commonwealth of New York, he accomplished more than any other man of his day in the overthrow of corrupt and corrupting combinations, and in the purification of the public service. By his honesty of purpose, wisdom of counsel and firmness in execution, he acquired the confidence of his party and of the business men of the country to an extent equal, if not beyond, that possessed by any other leader.

Wm. Hewitt and Fred C. Reid were arraigned before Justice France in the superior court this afternoon on the charge of arson. Willie Ropa, the clerk, testified to accompanying Reid to Chicago, and as to the latter giving the store keys to Hewitt to care for the stock.

A large roller flouring mill is to be erected in Logansport at a cost of \$25,000. The parties come from Wauseon, Ohio. A store-house with a capacity of 80,000 bushels of wheat will also be built.

Judson Palmer, once editor and proprietor of the Noble county *Journal*, at Kendallville, but who for some years past has been editing a paper at Hart, Mich., committed suicide by shooting himself through the temple.

At 7 o'clock last evening the City hotel at Wabash was badly damaged by fire, which originated in a bed room in the attic. The contents of the structure were hustled into the street. The loss from fire and water is heavy. Fully insured.

The annual meeting of the Old People's Mutual Benefit association was held in Elkhart yesterday. About 150 stockholders, representing Michigan, Iowa, Minnesota and Indiana, were

LABOR!

Asked to Absorb the Small Parties.

The Greenbackers Planning to Have the Knights Join Them in New Issues.

The Ballucination is to Get up a Party to Excel the Old Ones.

NEW LABOR PARTY.

Call for a National Convention at Indianapolis.

INDIANAPOLIS, Aug. 6.—A call has gone out for a national convention in this city of Knights of Labor, grangers, national greenbackers, Farmers' Alliance, anti-monopolists, the Wheels, (a Texas organization), and all other associations which may harmonize outside of the old political parties. According to the present program, delegates from these orders will meet to organize a new political party, with the rights of labor as the chief corner stone. The scheme on paper is a colossal one. It anticipates the swallowing up of all the great associations given to the agitation of labor issues. The greenbackers are understood to be ready to lose their identity and it is suspected that the movement is a piece of enterprise on the part of the leaders of this lost cause to save themselves and their party from utter oblivion. However, they have long professed to give labor equal prominence with the idea which gave name to their party, and now claim that they may with propriety merge their cause and their name with any and all who are leagued against monopoly, in fact or in name.

The convention is called for September 1. Tomlinson hall will be engaged for the occasion, and if the affair meets with acceptance at the hands of the Knights of Labor, a prodigious gathering is anticipated. Powderly is expected, and so are all of the great labor lights.

Judging from hearsay among those interested, the new party will take the field as a political power; will provide for the nomination of national and state tickets, and will call upon its followers to out loose from all old affiliations. It is probable that in this its greatest weakness may develop—that the body of the membership of the K. of L. will not approve of the active political measures proposed.

THE FUNERAL.

Marked Respect to the Dead Statesman.

YONKERS, N. Y., Aug. 6.—Preparation for Mr. Tilden's funeral are about completed. Mr. Tilden's face looks as natural and peaceful as if he was in a refreshing slumber. The business men of Yonkers will close their stores tomorrow, from 10 to 12 o'clock, a. m., during the funeral services.

New York, Aug. 6.—The executive committee of the Bar association of this city, have appointed a committee to attend the funeral at Greystone tomorrow as Tilden was one of the founders and first vice-president and continued a member until his death.

Mr. Tilden's beautiful city residence in Gramercy park, with its large collection of rare and carefully selected books, will become the property of the city of New York for use as public library. In his will ample provisions are made for the transfer, and Messrs. John Biglow and Manton Marble, of New York, and Henry Watterson, of Kentucky, are named as trustees. The value of the building is \$1,000,000, while the library is estimated to be worth \$100,000.

WASHINGTON, Aug. 6.—The president will leave Washington this evening for

number of other officials will also attend the funeral.

The Yacht Disaster.

SARANTA, Ont., Aug. 6.—The tug International returned this morning with the bodies of three of the missing yachtsmen and left at once in search of the other three. Two bodies were tied to the boat when found yesterday. The yacht was found wrecked near port Franks, on the Canadian shore of lake Huron. The bodies recovered were those of Ira Felter, manager of the bank of London, at Walford; Wm. V. Idol, station agent at the same place and Hope McKenzio, nephew of Hon. Alex. McKenzie. There are still missing W. S. Morrison, Wm. J. Smellair and Fleming McKenzio. The party was returning from a week's cruise on lake Huron.

Story's Will Valid.

CHICAGO, Aug. 6.—The appellate court this morning announced that it had affirmed the decision of Judge Rogers, in which he sustained the will of W. F. Story, late editor of the Chicago *Times*. Judge Rogers held that the will was valid and should be admitted to probate. The attorney for the other heirs took an appeal to the supreme court.

CHOICE BITS.

The News That is Called for the "Sentinel" Readers.

General M. D. Manson is enjoying a short stay at West Baden Springs, in Orange county.

The Lagrange prohibitionists have a county ticket, headed by Dr. A. M. Spaulding for representative.

M. Barry, of Valparaiso, aid-de-camp on the governor's staff has resigned, and Wm. F. Spooner, of Valparaiso, was appointed to the vacancy with the rank of major.

The Indianapolis *News* pays the state organ this compliment: "The *Sentinel* comes to the front with as fine a piece of newspaper work as often graces the columns of any paper, and, withal, as valuable political work as often falls to the lot of a party paper, in its statement and review of the democratic congressional district troubles throughout the state. For itself the presentation is an object lesson to the democratic party of the offices and functions of a state party organ."

Pete McCartney, the world-famed counterfeiter, who has been serving a fifteen years' sentence in the northern prison, will be released next June. Pete has given the government detectives more trouble than any other criminal in the country. In his time he has made plates which were equal, if not better, than the originals, and was considered the most dangerous man in the country. But old Pete is becoming aged, and it is doubtful if he will ever cause any more trouble to the officers. However, his appetite is good, his eye keen as ever, and he is apt to live a long time yet.

Parable of the Burglar.

A burglar was going through a house in a Dakota town one night and discovered an exceptionally large roll of money. Curious to know whether he had broken into an editor's house or a capitalist's, he took a variety of capitalist's names and put them on the roll. "Colonel, but I would not care to be a capitalist," said a man, "I am a capitalist, but I would not care to be a capitalist." The burglar then took the roll and ran.

THE ANARCHISTS.

The Progress of the Trial is Stew.

CHICAGO, Aug. 6.—In the anarchist trial Dr. John M. Fleming testified that he was one of the physicians who was in attendance upon the wounded at the Des Plaines street station on the night of May 4. The witness extracted a bullet from the knee of an officer. It corresponded as near as he was able to judge with the revolver bullets used by the policemen. Two other bullets seemed to be of the same kind. On cross examination he said he would not be able to testify as to the calibre of the bullet or as to what kind of a revolver it was fired from.

The defense introduced a witness named William Murphy, who testified he was on a wagon at Haymarket, when the bomb exploded and did not see Fielden display a revolver.

A CYCLONE

Destroys Part of a Kansas Town.

TOPEKA, Aug. 6.—A telegram was received here last evening stating that a cyclone at the town of Hartland had demolished twenty houses and done great damage to the growing crops. Sixteen cars were blown from the track and the telegraph wires were prostrated for several miles around. No one as yet is known to have been seriously injured.

No Home Rule for Ireland.

LONDON, Aug. 6.—The *Standard* in commenting upon the meeting of the unionists yesterday, says: "Lord Hartington's language is all that the conservatives have a right to expect. There is little doubt that as long as Lord Hartington continues of the same mind, home rule for Ireland is an impossibility."

COL. GEO. HUMPHREY.

Tributes to His Memory From the Press.

The Warsaw Times says: "Colonel Humphrey was a brave soldier, an honorable citizen and business man, and his death will be mourned by a large circle of friends."

The Warsaw Times adds: "The probabilities are that there will be a large delegation attend the funeral of Colonel George Humphrey, at Fort Wayne, on Saturday next. Henry Chipman poet will take action on the matter at its meeting to-morrow night. As the deceased was lieutenant-colonel of the original Twelfth Indiana infantry, in which regiment the first company raised in this county was assigned, every surviving member ought to make it a point to attend the funeral. Col. Humphrey was a very popular officer, and as he afterwards became colonel of the Eighty-eighth Indiana, he was well known to the soldiers of northern Indiana, among whom he was exceedingly popular. Arrangements will no doubt be made for a reduction of railroad fare so that all can go to the funeral who desire to do so."

STRUCK A BEEF.

A Grand Rapids Passenger Train Ditched.

The huge beef rolled under the locomotive and turned the engine cross-wise on the track. The wreck car was summoned, but in the meantime the passengers went quietly to sleep and arrived in the city at 8 o'clock this morning, not the least disturbed by the encounter. The damage was slight to the railroad company.

The weather indications for Indiana are generally fair weather, slightly cooler.
